Atmospheric and Oceanic Science

Welcome

This workshop is a collaboration between the University of Maryland and NOAA / NCEP / EMC, made feasible due to the recent collocation of NCEP with UMD. Welcome of organizations by

Jim Carton

- Chairman, Department of Atmospheric and Oceanic Science, University of Maryland.

Bill Lapenta

- Acting Director, Environmental Modeling Center, NCEP / NWS / NOAA / DOC

Provide a training environment for WAVEWATCH III[®] users and developers

- This workshop is geared towards direct collaborators of NCEP, and the NOPP waves teams.
 - “head of the trunk” of svn server (model version 4.08).
 - Developing of training material.
- Make this a standing UMD summer/winter course?
 - Latest public (beta ?) release.
 - 40 hours theory, 40 hours training (2 weeks).
- Previous training:
 - Jan. 2010 training of 25 scientists in Hyderabad, India at INCOIS (Indian Center for Ocean Information Services).
 - Nov. 2012 capacity building workshop in Kenya Nairobi with 12 students from 9 countries (JCOMM – TCP, 8th storm surge and wind wave workshop).

Agenda

Emergency procedures

Classrooms and restrooms

Lunch
